D7 Hand San produces fast drying, non-sticky foam that contains unique non-drying, conditioning and moisturizing ingredients. D7 Hand San leaves the skin with a soft, refreshing and silky after feel. D7 Hand Sanitizer:

- Provides 2-4 Hours Residual Protection
- Leaves Hands Feeling Soft & Refreshed
- Effective in as Little as 15 Seconds Kills 99.9999% of common germs that cause illness

**D7 Foaming Hand Sanitizer Kills up to 99.9999% of Germs - Cleans and Protects**

D7 Foaming Hand Sanitizer is based on the active ingredient Benzalkonium Chloride in a unique, non-drying, moisturizing and conditioning formulation.

In comparison to alcohol-based hand sanitizers, D7 Foaming Hand Sanitizer is non-flammable, non-staining and less drying to skin. Published studies report that Benzalkonium Chloride hand sanitizers, like D7 Foaming Hand Sanitizer, demonstrated greater sustained degerming activity than gelled alcohol hand sanitizers. Alcohol-based hand sanitizers were found to become less effective with repeated use.
